

WHY CHOOSE IEC FAN COILS?

Efficiently Designed. Reliably Built. Proven to Perform.

What Makes IEC Different:

Lower Operating Costs

Featuring energy-saving EC motors and optimized designs, IEC fan coils deliver consistent comfort while reducing energy use—supporting sustainability initiatives and maximizing long-term ROI.

Backed by the NIBE Group

Backed by industry-leading expertise, IEC continues to drive innovation in fan coil technology for today's commercial spaces.

Comprehensive Solutions

From horizontal ceiling-mounted units to vertical stack systems for multi-tenant buildings, IEC offers the industry's widest selection to meet diverse commercial HVAC applications.

Made in the U.S.A.

Every unit is engineered and manufactured in Oklahoma, ensuring high-quality performance, reliability, and serviceability.

Belt Drive Units

Single & Double Wall Construction with eight sizes from 600-4000 CFM. Horizontal and Vertical configurations.

VBA Vertical, HBD Horizontal

Direct Drive Units

Single & Double Wall Construction with eight sizes from 600-3000 CFM. Horizontal or Vertical configuration with standard EC motor.

HDY Horizontal, VDY Vertical

Most IEC products shown here can be configured in any of the following:

- 2-pipe Cooling
- 2-pipe Heating
- 2-pipe Cooling with Electric Heat
- 4-pipe Cooling and Heating
- SureFlow®

Horizontal Units

Self-contained comfort solutions for offices, retail, and institutions—available in concealed or exposed ceiling applications. Quiet operation with superior efficiency.

CHY Hideaway, CPY Hideaway w/ Plenum, CXB Cabinet, CBY Telescoping Hideaway

Modular Hi-Rise Units

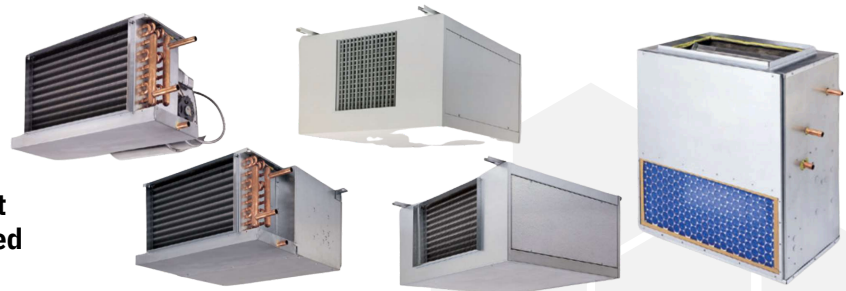

Six basic models with multiple configurations for concealed or exposed applications. Sizes from 300-2000 CFM.

MPY Concealed, MXY Cabinet, MAY/MBY Fire Rated Concealed, MMY/MSY Primary/ Secondary Cabinet, MUY Universal, MGY Mega, MRY ReStoraMOD, MIY MiniReStoraMOD

Hi-Performance Units

Space-saving systems designed for high-static applications. Advanced motors and controls deliver reliable comfort while exceeding energy standards.

HHY Hideaway, HPY Hideaway w/ Plenum, HLY Cabinet w/ Low Static, HXY Horizontal Cased, VEY Vertical Cased

Vertical Units

Floor-mounted designs for heating and cooling with water-based systems. Cost-effective and eco-conscious, offering flexibility for a range of applications.

FXA Cabinet, FSA Slope-Top Cabinet, FHA Hideaway, LXA/LXW Lowboy, LHA/LHW Lowboy Hideaway, STY/STW Recessed Cabinet

Cabinet Heater Series

For horizontal or Vertical exposed or recessed applications. Seven sizes from 200-1200 CFM with Hydronic or Electric Heat Only.

GHY Vertical Hideaway, GXY Vertical Flat Top Exposed, GSY Vertical Slope Top Exposed, DXY Horizontal Exposed Cabinet, DBY Horizontal Telescoping Hideaway
